

Indian Institute of Science Education and Research (IISER) Bhopal

Research Scientist-I (Non-medical) at IISER Bhopal

Applications are invited from Indian nationals for the post of “Research Scientist-I (Non-medical)” in the area of Computer Science and Engineering.

Project title: Smartphone app-based Integrated Cognitive Control Training for cognitive dysfunction in anxiety disorders: a multisite randomized control trial.

Project description: The project aims to deliver smartphone-based interventions for anxiety disorders. The project will involve the analysis of collected data with suitable machine learning and deep learning methods.

Essential Qualifications:

Doctoral or master's degree in Computer Science and Engineering or related areas (e.g., IT). Candidates with bachelor's degrees may be considered for a lower position.

Desired skills:

1. Python programming, machine learning, and deep learning.
2. Real-world data collection with sensors

Salary: Rs. 56,000 p.m. + HRA (18%)

Duration: One year. The extension will be based on the annual evaluation and the availability of research funds.

Application link: <https://forms.gle/arQtZXLGfmkrpnN86>

Last date for applications: The selection process will commence on **11th October 2025**, but the call will remain open until a suitable candidate is found. Shortlisted candidates will be called for an online interview. No TA/DA will be provided for the interview.
